Carbon Bar Stool

by Bertjan Pot & Marcel Wanders

A taller relative of the Carbon Chair, the Carbon Barstool embodies the same passion for craftsmanship, but literally takes it to another level... Lean and light, it's the ideal stool to move with you. Whether in your own kitchen or at the pub, the Carbon Barstool always gives you "a lift" to the nearest bar.

detailing

The carbon chair & bar stool's incomparable lightness both visually and physically is due to the structure. Individual strands of carbon interwoven to create a strong body and intricate aesthetic.

cleaning instructions

Moooi recommends using a good furniture polish and a soft cloth. Apply generously in layers to the surface and use the cloth to shine. Do not use abrasive fabrics, gently remove tough stains with warm water and a trusted multi-surface cleaner.
