

# Mimosa Floor Floor Lamp

Design by Aqua Creations

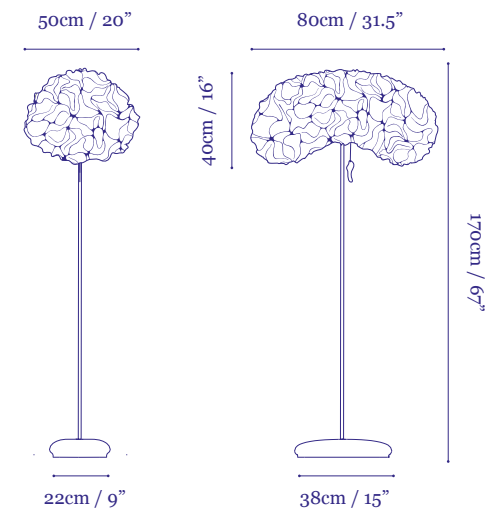

The Mimosa collection was inspired by neurons and while the shape is organic it is contemporary and expresses subtleness and lightness. The shades are made from a laser cut, galvanized metal structure sprayed with clear polymer, resulting in a white membrane that perfectly distributes the light. The shades are sculpted by hand allowing some variations to occur from shade to shade. Mimosa is a highly customizable collection and may be adapted to fit spaces of any size.
