Silk Care Instructions

For optimal maintenance vacuum the silk frequently (make sure the vacuum cleaner is at low suction and use a clean attachment) and avoid direct sunlight or smoke. To remove stains use upholstery foam cleaner (as these vary from country to country, testing the product on a hidden spot first is recommended). In case of heavier dirt use a moist sponge and make sure to move it along the crushed line of the silk.

Please do not clean coated lamps with water.

Note that any good quality silk fibers weaken when exposed to sun and natural dyes may fade. Hence, avoid direct sunlight on the silk lights.

220-240 V Model

8x Flat Board 25W LED (dimmbable touch dim)

120 V Model

8x Flat Board 25W LED (dimmbable, touch dim)

Package

Volume: 200 x 68 x 48cm, 78 x 26 x 18"

Weight: 30kg / 66lb
