

Lucky Lamp Wall & Ceiling Light

The Lucky Lamp wall fixture is a mesmerizing interactive wall light that features 920 addressable RGB LEDs. Each light is controlled by a microcomputer which can alter its color, motion, and intensity. This technology allows Lucky Lamp to display five motion-lighting variations:

Kaleidoscope, Fire, Water, Earth, Wind. The 920 LEDs can be dimmed from 0.1 to 100% using a single control button, and its color temperatures include Warm White, Natural White, and Cold White. Lucky Lamp is part of our Responsive LED Family.

Dimensions	D:10 Ø70cm / D:3.9 Ø27.5"
Material	Cocooning polymer
Bulb	RGB LED Strips (dimnable)
Voltage	240v / 120v
Weight	13kg / 28.6lb
Package	82x25x85cm / 32x9.8x33.5", 15kg / 33lb
