

To Te M Arm

May 2020

Aqua Creations
Light that matters

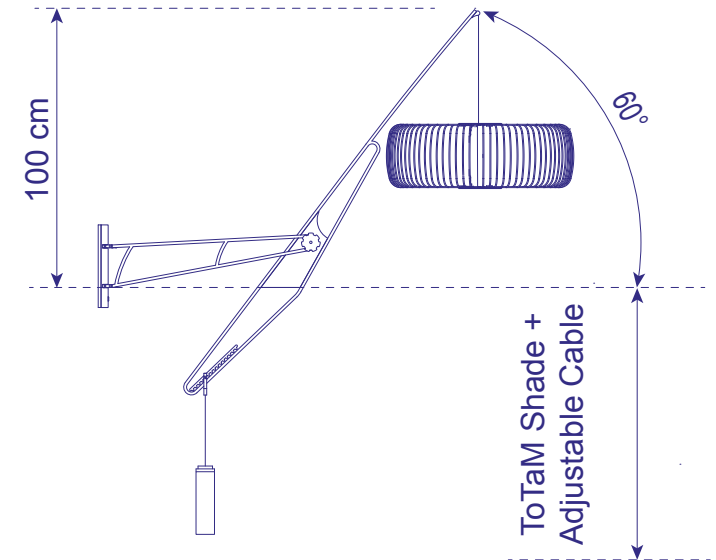

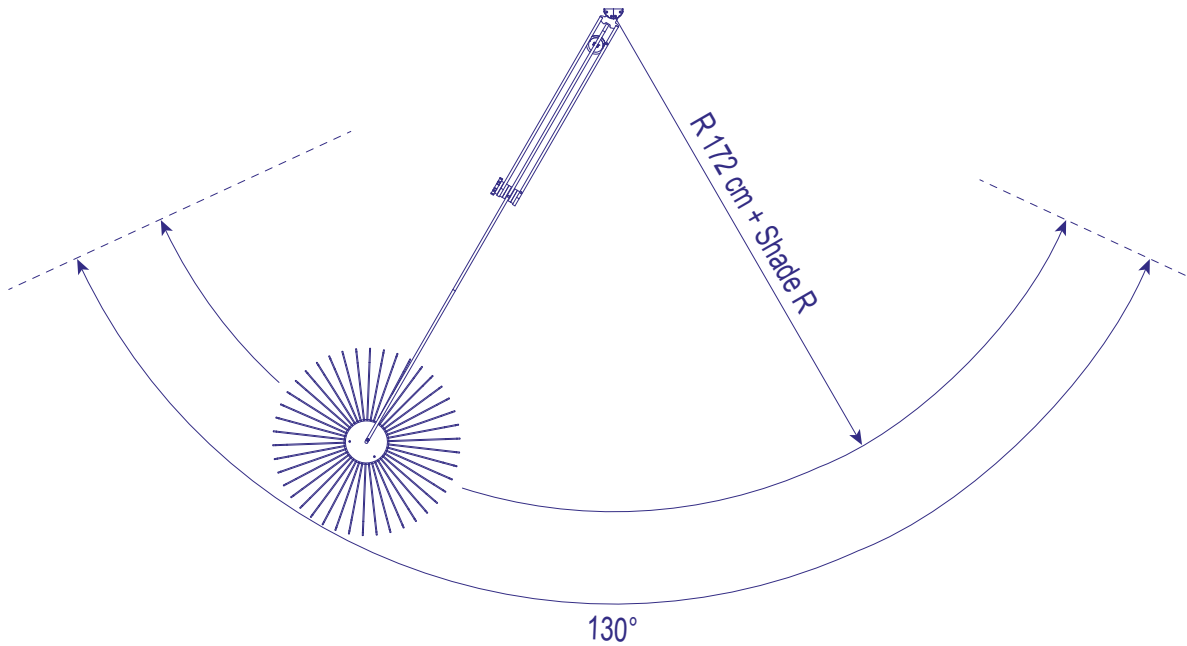

The ToTeM Wall Arm can hold any lamp from the ToTeM collection.
Please read them thoroughly before installation.

To Te M Care Instructions

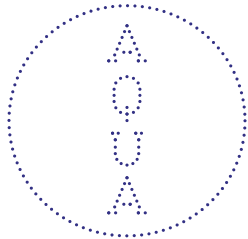

The polymer that's covering the To Te M shades can be best cleaned using a regular dry feather duster, vacuum it gently, or wipe it with a wet cloth.

Attention: Lamp assembly and electrical work should be carried out by a qualified electrician.

7

Remove the shade out of its pack carefully, DO NOT USE A KNIFE. You should hold the shade safely at its center top and bottom black rings; make sure it is the upright position by looking for the "TOP" and "BOTTOM" marking on the rings.

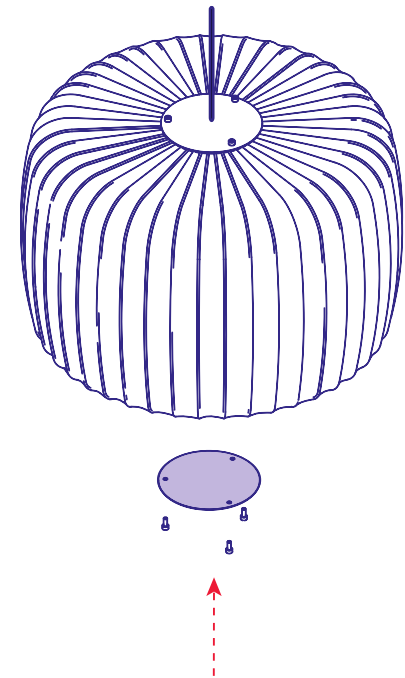

8

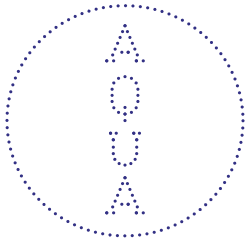

Connect the electrical male quick connector to the female connector coming from the inside of the shade.

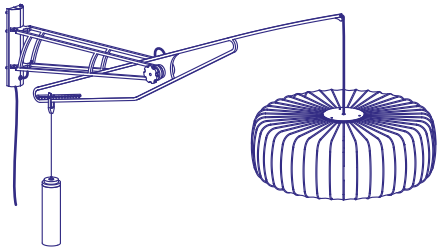

9

Hang the shade to the the top cover with the 3 supplied thumb screws and close the bottom cover.
