## Aram 2

*Aram 2* by Kinnasand/Kvadrat Rugs, a re-edition of the flatweave rug *Aram*, explores the dynamic between volume, structure and colour. It is handwoven from pure New Zealand wool and brings a fresh perspective to the artisanal Sumak weaving technique.

An exceptionally comfortable rug, *Aram 2* is characterised by subtle movement in its meticulous colour blends. It is constructed by looping bundles of plied yarns around the warp, creating a multidimensional expression reminiscent of magnified braided ribs.

These are space-dyed by hand in stages, in a scale of lighter to darker shades. This approach infuses every single yarn with an individual colour expression. As a result, *Aram 2* offers a scale of refined nuances and subtle colour rhythms that play across its surface.

A finely woven woollen border complements the ground and completes the design. Furthermore, a finishing process, including singeing and washing, accentuates the rug's tactility and the crispness of its surface.

The inspiration for *Aram 2*'s versatile palette derives from the understated yet characterful tones of minerals and metamorphic rocks. In total, the rug comes in 13 versatile colourways.

*Aram 2* is suitable for contemporary, residential spaces. Its excellent durability and versatile colourways ensure it is ideal for both communal areas and private rooms.
