

# Bamboo

**Design** Felix Diener and Ulf Moritz

**Production method** Tufted

**Material** 100% bamboo viscose

**Pile height** 40 mm (1½")

**Weight** 5000 g/m<sup>2</sup> (16.4 oz/sq ft)

**Maximum size without seams** 450 cm × 2000 cm (177¼" × 787½")

**Size variation** +/- 2%

**Care** Professional cleaning

**Classification** 22, Residential-Medium

Suitable for most moderate traffic, domestic applications with exceptions of stairway and corridor applications or for use with castors

**Country of origin** Holland

## Warranty

2 years

## Notes

- Slight colour differences may occur
- One m<sup>2</sup> contains 1.8 million bamboo viscose threads. Therefore some may detach when the rug is in use, particularly with new rugs
- Rugs made with bamboo viscose will reduce the amount they shed but will not cease shedding completely. This will not affect the appearance or quality of the rug
- If a bamboo viscose rug gets wet it will take a few days to dry fully. Do not walk on it as it will damage the yarns. The rug should not be rubbed as the structure may change
- Round or odd shape possible, will be calculated as a rectangle or square

## Production time

6 – 9 weeks, variations possible with rugs > 6 m<sup>2</sup> and custom made dimensions
